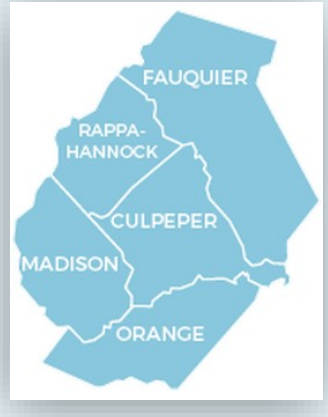
Hear how Aging Together has worked to align with our mission in the past year, and what we are doing to support the goals of the three-year strategic plan.



We will review the work of each of the five County Teams whose purpose it is to define specific needs in their communities and facilitate resources and programs that fulfill those needs.

Aging Together's Executive Director (Ellen Phipps) and Board Chair (Lisa Peacock) will address Aging Together's endorsement of Liveable Communities in our region, especially as related to COVID-19.

They will also speak about how Aging Together and its partners are responding to the challenges facing older adults during COVID-19.
