Sanitary Sewer Rehabilitation Project
Project No. WS90500292 / Contract No. 148532 / QS 16-39/16-40

APRIL 2019

Project Information Line: (602) 288-7774

CONSTRUCTION NOTICE

The City of Phoenix Water Services Department is in the process of rehabilitating cast iron and ductile iron sewer pipe in order to maintain proper operation of the City's sanitary sewer system. We will be working in the manholes and installing a structural liner in the pipe in the area highlighted on the map to the right.

What should I expect to see and hear?

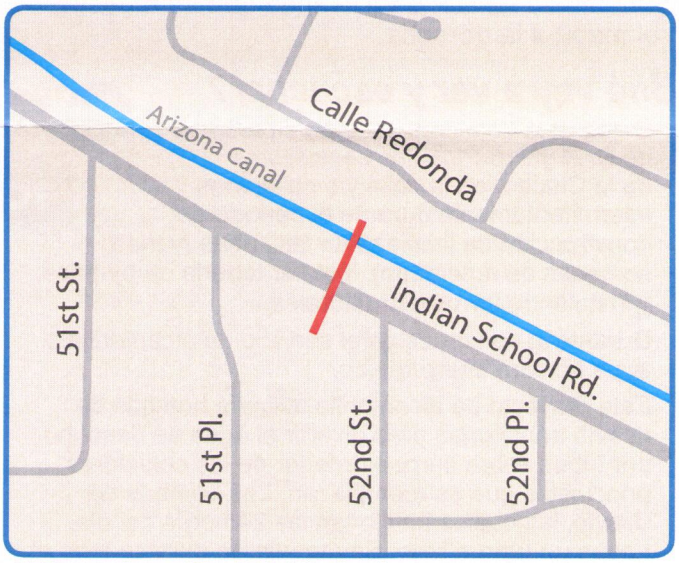
- You will see the trucks, equipment and personnel of SAK and Pro-Pipe, contractors to the City, in the street intermittently throughout the construction period. As part of the sewer rehabilitation effort, activities include: working in the manholes in the street, cleaning pipe several weeks in advance, setting up a sewer bypass, and installing structural liners.
- There will be no disruption to sewer or water services during construction.
- This sewer project will utilize temporary bypass pumps to divert wastewater through temporary above ground pipes around the sewer pipe being repaired. The bypass pumps, which operate 24 hours a day, have a low humming sound. They will remain in place for the duration of the project.
- Access to businesses and residences will be maintained at all times. Only intermittent interruptions may occur.
- You may hear noise from trucks, pumps and other equipment during the hours of operation. We will do our best to minimize disruptions.

CONSTRUCTION TIME PERIOD

April 15 - July 31, 2019

Work will generally occur from **7 A.M.** to **5 P.M.** Monday through Friday.

PROJECT LOCATION MAP



KEY: Sewer Pipe Rehabilitation Area

Project 19

TRAFFIC RESTRICTIONS

Intermittently, throughout the construction time period, watch for crews working in the manholes on Indian School Road and Calle Redonda.

We appreciate your cooperation and patience during construction. We want you and the work crew to be safe, so please use caution when traveling through the area.

Commitment to Protecting Public Health

The Department is in the process of rehabilitating sewer mains throughout the City in order to fulfill our commitment of protecting and enhancing community health and the environment. Rehabilitation is necessary to ensure continued service and the protection of public health.

We appreciate your support and realize that this project may be of some inconvenience in the short term, but will provide long-term sewer service for you and your neighbors.

To acquire this publication in Braille, large print or audio format contact the Water Services Department at (602) 288-7774, or TTY 7-1-1.

We are committed to proactive planning for the needs of our community.

We are committed to protecting and enhancing community health and the environment with a sound, safe sewer infrastructure with sufficient capacity to meet the future needs of the City of Phoenix.

We are committed to effectively managing improvement projects and as much as possible minimize the major community disruption that can be caused by sewer line failures. Proactive maintenance and replacement programs minimize disruption and improve quality of life for Phoenix residents.

We are committed to open communication and working together with the community during construction.
