Program Description

Ecumenical Theological Seminary (ETS) is a fully accredited member of the Association of Theological Schools in the United States and Canada (ATS).

ETS Doctor of Ministry program is a process of personal and professional growth: Academic, Practical and Reflective experiences. The process combines academic achievement with practice, and reflection of that practice in your context of ministry. The Doctor of Ministry Program aims to foster community among participants and faculty in the ongoing process of transformation in the learning and doing of ministry.

The ETS Doctor of Ministry Program is designed to be completed over a three-year period for the regular DMIN students and a two-year period for the Clinical Pastoral Educators. The major components of this program are compacted into two Emergent Weeks each year, one of which occurs in August and one in January. Each week includes worship, a theme course, core courses, and group interaction.

The Professional Education and Leadership Concentration within the D.Min. focuses on students with four units of CPE. It is intended for those who are Certified ACPE Educators, those in the Certification Process and those in Professional Spiritual Care.

Tuition for each Emergent Week is $3300
