Trials and Rural Character Vision Plan

Academic Award

Community Planning Studio
Cal Poly San Luis Obispo

APA CA CENTRAL COAST Section

This project is the culmination of three months of collaboration between Los Angeles County Department of Regional Planning, the Town of Acton, California, and Cal Poly Community Planning Studio students. Los Angeles County identified Acton as a community in need of planning support, and paired the students up with the Town Council to develop a vision document to prioritize informal trails the town would like adopted by Los Angeles County and enumerate policies to preserve the area's rural character.
