Please advise the church office when the name should be removed OR if information needs updated.

UPDATES ON CURRENT PRAYER REQUESTS

Malakai Wolf - Was seen by a surgeon this past Monday for his recent health issues with pain and circulation in his hands and arms and was given a definitive diagnosis. No surgery needed immediately. Will receive further testing which includes a CT scan and possibly specialized Physical Therapy to retrain his body. Prayers for calmness regarding testing and for a clear direction for treatment going forward.

Trinidad & Auman Families – Mandy Patterson asks for prayers for the Trinidad and Auman families as they navigate a very serious and traumatic situation.

Jolene Zeigler – Is recovering at home from major back surgery over a week ago. She is receiving PT, OT and home care and her pain is finally being managed. She is hopeful that soon she will be back to the activities she enjoys. She is grateful for the cards, calls, prayers and visits she has had from her church family - they have been comforting, encouraging and good medicine!

Bob Walker – Is recovering at home from hernia surgery and progressing well. He is healing well and hoping to return to worship very soon!

Lariyah Gibson – Is home and back in school. Prayers for continued wisdom and care in her diabetes management.

Dolores Mann – Is healing from a fall which required some stitches in her head. Stitches have been removed now and she is returning to her favorite activities again. Her daughter, Tammy Stehr, continues to remain close to monitor her mom's progress. Thanks for all the prayers!

Shari Leaman (Diane Gibble's sister-in-law) - Broke her knee. Prayers for healing so she doesn't need knee replacement surgery which she feels is impossible at this time as she cares for her husband, Randy (Diane's brother). Randy Leaman continues to work with his medical team regarding management of his anti-rejection medication related to his liver transplant.

Steve Fitzkee (brother of Gail Rutland) – Is receiving hospice care for his Stage 4 pancreatic cancer.
