APPLICATION FOR PERMIT TO ABANDON SUBSURFACE SEWAGE DISPOSAL SYSTEM

Permit No.:_____ **Fee:** _____

Address of Property: _____ Map /Parcel ID: _____

Property Owner Name: _____

Telephone: _____ Email Address: _____

Septic Installer_____ BOH Permit #_____

Telephone: _____ Email Address: _____

Septic Hauler_____ BOH Permit #_____

Telephone: _____ Email Address: _____

Reason abandonment is necessary: _____

All septic systems must be abandoned in accordance with 310 CMR 15.354. In general, this means that: (pls initial)

___ Before a septic tank or cesspool that contains sewage is disconnected, the entire contents of the tank of cesspool must be pumped by a licensed Septage Hauler as per 310 CMR 15.354(3) (b).

____All components that hold water (ie: septic tanks, pump chambers, cesspools, etc) must be broken in place, including bottom sections, or removed as per 310 CMR 15.354 (3)(c) so that liquid can not collect in the future.

____ All components that contain large empty voids (ie: tanks, cesspools, leaching pits) must be filled with clean fill so that there is no risk of future cave-ins. "Clean fill" can include uncontaminated soil found elsewhere on the site ie: from the sewer line trench).

Any contractor who fails to comply with these guidelines will risk immediate suspension or revocation of the Disposal System Installer's Permit issued by the Board of Health.

Property Owner/Applicant _____ Date
