MEDFIELD FOUNDATION LEGACY FUND AWARDS $40,000 IN GRANTS

The Medfield Foundation is pleased to announce the recipients of its 2025 Legacy Fund Community Impact Grants. The Medfield Foundation (MFi) is a volunteer-run 501(c)(3) nonprofit charitable corporation whose mission is to build community by supporting nonprofit initiatives, raising funds for those in need, and distributing grants that positively impact Medfield.

Since 2018, over $135,000 in grants have been awarded to Medfield community groups. The annual process starts with a "Call for Applications" in February, with invitations for semi-finalists to compete in a Pitch It! Shark Tank type event in April, and selection of final winning recipients in May. Any Medfield-based nonprofit or Town department is eligible to apply.

"It's an honor to support these amazing groups and volunteers that contribute so much to our community", said Chris Cahill, Co-Chair of the Medfield Foundation Legacy Fund Committee.

This year's grants were awarded to:

- Friends of Medfield High School Theatre Society for sound and stage support
- Sustainable Medfield for an educational mailing to new residents
- Peak House Heritage Center for a structural survey and their re-siding project
- Medfield Animal Shelter towards shelter renovation needs
- Zullo Gallery Center for the Arts toward strategic planning for building ownership

ABOUT THE MEDFIELD FOUNDATION LEGACY FUND

The Medfield Foundation Legacy Fund is a professionally-managed endowment fund supported by generous gifts from the community. The Legacy Fund invests for the long term while also helping to address current needs through grantmaking. Grants are made to organizations working in the community through an annual competitive process conducted by volunteers serving on the Medfield Foundation Legacy Fund Grant Committee.
