From Medfield Helping Hands (a Medfield Foundation Inc. initiative)

# Immediate Help Needed!!

Hello Medfield Helping Hands!

WE NEED YOUR HELP ASAP!

Thank you to Cathleen Farrell who has shared this message with us...

After 44 years of love, memories, and life under one roof, our beloved neighbors, Marty and Arlene, lost everything in a heartbreaking house fire. Their home is a place they built together and filled with decades of warmth, raised their daughters and became grandparents and have enjoyed retirement. Thankfully they are safe! We are grateful to the Medfield Fire Department and all other departments that helped to fight the fire, but starting over after such a profound loss is incredibly overwhelming. Marty and Arlene are the kind of people who always watch out for others - whether it is a helping hand, watching out for neighbors, volunteering all over town or their warm smiles. Now it is our turn to show up for them.

We are looking for gift cards to meet some immediate essentials. Gift Cards to Marshalls, TJMAXX, Target or Grocery stores would be wonderful! We are doing just a few days for a collection to get them started. Drop off will be this **Friday, April 25th 8am-8pm at Kathleen's house (7 Penobscot) or Laurie's house (7 Copperwood).** We will have coolers by our garage doors to leave gift cards. THANK YOU!!

We are so grateful to you all for coming together as a community to help Marty and Arlene find hope and healing in the face of this tragedy!

Laurie, Kathleen, Katie
