

Greetings from Iowa!

Visit Dave & myself in room #615 to view the NEW 2017 Spring/Summer pattern line from With thy Needle & Thread. Pattern covers never do a stitched piece justice...come enjoy the beauty of seeing the models in person.

If you are currently an auto-ship customer with us, please watch your email inbox for another email from us explaining how the auto-ship will work for the market releases. It will require a return email from you, it is important that we hear back from you as we plan our market inventory.

And as always, I ask that you kindly do not discount these brand new charts, please & thank you!

*See you in Nashville,
Brenda Gervais – With thy Needle & Thread*

Limited Edition Market Piece

For the first time I will be offering a limited edition market piece. I have no crystal ball here, folks...don't know what to expect. I base the quantity of the patterns I bring with me, on numbers sold the previous year, plus some extra. In the perfect world, the goal is to have enough for everyone and none to bring home. ☺ I will be limiting this item to 12 per shop. For those who wish to have more than this, check back the last hour of the show on Sunday. If there are some left, you are welcome to more than your 12. Trying hard to keep this fair for everyone! These are not part of our auto-ship program. These will be sold on a first come, first serve basis at the show....no exceptions! They will be available for purchase Saturday morning at the show opening.

No pre-orders are being taken.

The nicely packaged "Ode to the Ort Basket" kit will include: tiny woven basket, wooden lid, chart & complete finishing & painting instructions. \$11.00 wholesale/\$22.00 retail

What is an ort, you ask?

Webster says it is a tiny scrap or remainder of food. We stitcher's definition of "ORT" is an acronym meaning, "old raggedy threads"....those last few inches of floss on our needles. This little basket is a place to house your ORTS while you stitch. I save my ORTS and then later place outside in the bushes so birds can use them as nesting materials....save to share!

*I consider my
day complete ~

needle & thread
meet...*
