"An emphasis is placed on teaching students self-directedness, personal responsibility, communication, critical thinking and problem solving, which are essential components of 21st-century skills. I feel this is exactly what our students need to prepare them for life after high school."

—Vermont superintendent

UP for Learning

Unleashing the Power of Partnership for Learning

OUR MISSION is to shift the youth-adult relationship at the heart of education to partnership and to increase youth agency. This ensures that all young people have opportunities, support, knowledge and skills to pursue active roles in their learning, their lives and their community.

SINCE 2008...

UP has worked with **44%** of Vermont middle schools and **95%** of Vermont high schools in all 14 counties

Over **82,000** students have been impacted by UP initiatives over the past decade.

Nearly **2,700** youth have taken on active leadership roles in at least one of UP's initiatives.

55% of schools who have hosted UP initiatives have done so for more than one year.

61% of those schools have hosted more than one specific UP initiative.

Over **110** educators have completed an UP graduate course.

That's a total of **113** VT schools!

UP for Learning

is in our second decade in providing means for schools to elevate the roles and voices of youth in school redesign, improve school climate and build readiness for personalization. Applications are currently being accepted for all of our initiatives.
