Current status of community amenities as approved by the CROA Board of Directors:

•The CROA Board and management will continue to monitor the reopening phased plan from the Florida Governor's Office, as well as recommendations from the Centers for Disease Control and Prevention (CDC), National Recreation and Park Association (NRPA) and the Florida Department of Health. As these changes occur, they will continue to be discussed during the CROA Board weekly meetings. The CROA Board again reiterated that they would be closely monitoring compliance to all community and government rules currently in place at its amenities. Should violations of those rules occur or the failure to adhere to social distancing guidelines continue, then the Board would take additional action, which includes closing amenities.

•CROA swimming pools are currently at 75% capacity; pools will be open until 9 p.m., excluding Spring Lake, which will close 30 minutes prior to sunset. Kiddie pools will remain closed at this time. "At Risk" (ages 65+, residents with compromised immune systems) pool hours will be on Monday and Wednesday from 7 a.m. to 12 p.m. at Lakeside & Spring Park pools only. You are asked to not utilize the designated pools during those times if you do not fall into one of those categories.
