ABOUT MORELL STUDIOS

When major U.S. golf organizations, the biggest names in the golf industry, corporations, chapters of The First Tee and the top golf courses in the U.S. need a premium quality award, shadow box or recognition panel, they contact Morell Studios. They reach out to us and our manufacturing team headed by Pat Morell. He is the best at manufacturing hand-crafted, museum quality awards that are unmatched in design, craftsmanship and elegance. We are dedicated to providing the best customer service in the awards industry.

Pat got his start in the golf world when he received a call from PGA National Golf Club to carve details on their new pro shop. Pat's big break in the golf industry came when he approached Bear Lakes Country Club and offered to "do some work for them" in exchange for an introduction to Jack Nicklaus. That led to Pat handling a variety of assignments for Nicklaus and his wife, Barbara that continue to this day.

All of Morell Studio's products are proudly manufactured, engraved and assembled in the United States at our production facility in West Palm Beach, Florida. Our design studios include an experienced team of wood workers, engravers and finishers.
