

FOR IMMEDIATE RELEASE

FURNITURELAND SOUTH
the world's largest furniture store®

A Landmark Location for a Collected Home: Furnitureland South Opens the Only Four Hands Retail Gallery in the Nation.

JAMESTOWN, N.C. — September 24, 2026 — Furnitureland South, the World's Largest Furniture Store, will open a first-of-its-kind exclusive Four Hands Gallery on Monday, September 28, at 3:00 p.m. Four Hands is known for elevated design, a distinctive mixture of materials and textures, and a thoughtfully curated product selection that feels collected, personal, and intriguing. The opening ceremony will include a ribbon-cutting with representatives from Four Hands and Furnitureland South, followed by catered refreshments in the gallery.

This gallery is a flagship experience for both Four Hands and Furnitureland South and is the first dedicated retail gallery of its kind outside Four Hands' showroom spaces. Visitors can expect an experience rooted in the brand's distinctive design philosophy, with spaces crafted for the way people live and designed to create a genuine sense of home.

Offering whole-home furnishing solutions, this new gallery features floor-to-ceiling Four Hands products. Thoughtfully curated settings pair artisan-crafted case goods and upholstery with rugs, décor, art, lighting, and wallpaper that are all distinctly Four Hands and available to shop. This immersive experience showcases the breadth of the brand's collections while giving people an opportunity to experience the Four Hands lifesyle in a complete home setting.

The gallery is the result of a shared vision and close collaboration between Four Hands and Furnitureland South, bringing together two titans in the home furnishing industry to create a retail experience unlike anything else in the country.

Becky Greene, Executive Director of Merchandising at Furnitureland South, says of the partnership, "The success of Four Hands at Furnitureland South speaks for itself. Year after year, the brand has continued to grow and today stands as one of our top five vendor partners. This new 11,000-square-foot gallery is more than a product showcase. It's an immersive brand experience designed to help customers connect with the lifestyle, creativity, and versatility that have made Four Hands one of the most compelling brands in home furnishings. We're proud to celebrate this milestone and our continued partnership together."

This year, Four Hands celebrates 30 years of shaping spaces with elevated design that inspires customers to tell their own stories. For three decades, the brand has earned recognition for their attention to detail, artisan craftsmanship, and distinctive approach to design, creating pieces that bring character and individuality to the home.

Members of the media are invited to this VIP preview, which will include guided tours of the gallery, interview opportunities, and access for photography. The preview will offer an inside look at the vision behind the gallery, as well as Four Hands' craftsmanship, design philosophy, and approach to creating spaces that feel collected and personal.
