BC Chicken

"Thank you to the BC Chicken Marketing Board and chicken producers of BC for donating to the culinary kitchens these 10 chickens. Our culinary kitchen uses more chicken than any other protein. It's quick and easy to cook and can be used in so many applications. We'll likely cut these chickens into their major pieces then cook them as needed. They're a versatile protein and we use poultry in so many of our recipes. Thank you again for donating these chickens and allowing our culinary students to work and prepare them.."
