

**Mobility Operations
Support Team (MOST)
Supplier Conference**

September 21, 2017

AT&T Mobility Operations Support Team (MOST) & AT&T Supplier Diversity teams are hosting a webcast information session for suppliers. Learn about opportunities, qualifications, and requirements and address any questions as we begin the process to negotiate a new Supplier General Agreement for mobility support services in 2018.

The team is currently seeking suppliers who can perform the following cellular tower services:

**HVAC | Electrical | Generator | Landscaping | Fire Suppression | General Maintenance | DAS |
Batteries | Tower Repair | Pest Control**

Supplier Qualifications:

- Minimum of 5 years' experience or comparable certification
- Ability to service all standard AT&T OEM Generator Equipment(s) - (Kohler, Generac)
- Sufficient work force to self-perform
- Minimum 5-10 crews to be competitive in volume bids
- Drug screening
- Provide Service referrals/references

Event Agenda 1:00 - 4:30 PM (EST)

1-2 pm	Registration – Networking
2-4:30 pm	Mobility Operations Overview
	Question & Answer Session
	Meet the Mobility Representative(s) in your local area
