

Call Gov. McKee (401-222-2080)

Phone Sample Message: *My name is ___. I am a Rhode Island voter. Governor McKee has a chance to show bold leadership by taking bans on health coverage for abortion for state employees and the Medicaid program out of the 2023 budget. Rhode Island voters made it very clear that we support the right to abortion, but these harmful policies take that right away from too many people. Please, take a stand and get these bans out of our state budget.*

Subject: FY 23 Budget Should NOT include Abortion Bans

My name is ___. I am a Rhode Island voter. I am writing to urge you to submit a 2023 budget that does not include racist and harmful bans on health coverage for abortion for state employees and the Medicaid program. You have a chance to show bold leadership. Rhode Island voters have made it very clear that we support the right to abortion, but these policies take that right away from too many people. I am urging you to take a stand and get these bans out of our state budget.

Sincerely,
Name, Address, Phone

Cathy Solomon
Social Justice Committee Chair
