CREATING HOMES, BUILDING AMERICA

Without NeighborWorks

A national housing infrastructure collapses.

And the consequences echo across the country.

THE RIPPLE EFFECT

HOMES NOT BUILT OR REPAIRED

79,900 homes would not be repaired
14,300 rental/for-sale homes would not be built or preserved

PEOPLE IMPACTED

107,300 households would not receive counseling and education
19,300 people would not become homeowners
11,800 families could lose their homes

DOLLARS LOST

$10.2B Total Investment
$423.6M Commercial Lending
$354.4M Residential Lending
$94.7M Grants to the Communities
$31.4M Consumer Lending
$1:$71 Federal Leverage

TRAINING & TALENT STALLED

14,300 lost professional certificates
1,100 lost housing counselor certifications

LOST IMPACT

Without NeighborWorks America:

- Billions in investment are lost
- Homes go unbuilt or unrepaired
- Families don't get the support they need
