# July/August Challenge: Family Engagement

Hello ELC Pasco & Hernando Educators! 🌟

We hope you're having a wonderful summer! 🌞 As we head into July, let's continue helping families stay engaged and learning together with MarcoPolo For Families! 🌴📚

Even just a few minutes a day of learning through videos, games, and conversations can help children stay engaged and ready for a strong start to the school year. ✨ This month, the child care provider with the highest family enagament rate will win a prize bundle with exclusive books, classroom materials, and more!

Our July goal:
Encourage families to continue using MarcoPolo For Families throughout the month by:
⭐ Watching educational videos together
🎮 Playing foundational learning games
💖 "Loving" videos to activate the Let's Talk feature and encourage conversations at home

Why participate?
Family engagement during the summer helps children stay connected to learning, strengthen foundational skills, and feel confident heading into the school year 🌟📚💖
Let's keep the summer learning momentum going all month long!
