March Challenge: Spring Into Educator Guides

Hi ELC of Pasco & Hernando Teachers! 🌷✨

Spring is in the air, and it's the perfect time to refresh your lessons with our offline learning resources like Educator Guides, Photocards, and Printables! 📚🌼

Why focus on Educator Guides?

They are thoughtfully designed using best practices to make lessons more engaging and effective. Educator Guides help you preview vocabulary, activate prior knowledge, ask open ended questions, increase student talk, connect learning from school to home, and extend instruction with additional activity ideas. Using them supports high quality interactions and strengthens learning in your classroom.

March Challenge:

Use your Educator Guides, Photocards, and Printables throughout the month of March! The teacher who shows the strongest and most consistent use by March 31 will win a MarcoPolo Learning T-Shirt!

Getting started is easy. Log into MarcoPolo For Educators, select a video, and you'll find the Educator Guide, Photocards, and Printables right next to the video, ready to use with your students. 🚀
We can't wait to see the creative and meaningful ways you bring these resources to life this month. Thank you for all that you do, and good luck! 🍀
