

BAOS Core CPD Course 8-9 May 2017

Medical Emergencies

About the speakers

Julie Burke, Lecturer and Honorary Consultant in Oral Surgery, Edinburgh Dental Institute

Julie Burke is an Honorary Consultant & lecturer in Oral Surgery at Edinburgh Dental Institute. She is qualified in Advanced Life Support (ALS) and Advanced Trauma Life Support (ATLS) and has over 12 years of on-call experience and in-patient management in Maxillofacial Surgery. Julie has organised and delivered courses for medical emergencies for the dental team for over 10 years and delivered courses for postgraduate dental students and for qualified dental practitioners through the Yorkshire and Humber Deanery, before moving recently to a new position in Edinburgh.

Mr James Carey, Clinical Lecturer

James Carey gained a BChD degree in Dental Surgery from the University of Leeds in 1999 and passed the Membership of the Faculty of Dental Surgery examination in 2003. He is currently undertaking a Doctoral Research Degree into communication skills training in dental education.

He has worked for the University of Leeds since 2001 and holds an honorary staff grade contract with the NHS at Leeds Teaching Hospitals Trust; his specialty area is Oral Surgery. He has wide experience of teaching, at undergraduate and postgraduate level, in the areas of Oral Surgery, medical emergencies, communication skills, management of anxiety and sedation.

He is Year 1 Curriculum Lead for the MChD in Dental Surgery undergraduate programme. He also chairs the Disclosure of Record Panel for the School of Dentistry and has previously held the post of Undergraduate Admissions Tutor
