SYNERGY IN ORAL SURGERY

Surgic Pro+
Surgical Micromotor System

Variosurg3
Ultrasonic Bone Surgery System

"The NSK Surgic Pro+ surgical micromotor offers an exceptional combination of power and accuracy, which is easy to use as its performance is displayed in real-time on a large LCD screen. Offering a wide range of speeds and torque settings, the Surgic Pro+ can be used with almost any implant system. The Variosurg ultrasonic bone surgery system is indispensable when performing certain implant procedures, the feedback and auto-tuning functions, combined with a wide range of tips, ensure faster, more precise treatments."

Dr Philip Friel, BDS BSc (Hons, MedSci) MFDS RCS (Edin) MRCPS (Glas), Clinical Director and Principal Dentist at Philip Friel Advanced Dentistry, Glasgow, www.philipfriel.com

"I have found NSK's Surgic Pro very easy to use for surgical and implant procedures. It offers powerful and precise performance, coupled with intuitive operation and has revolutionised my implant surgery."

Dr Joe Bhat BDS FDS RCS MClinDent MRD RCSEd Specialist in Prosthodontics and Oral Surgery
