2025 Membership Renewal Tips

- Once you have entered portal.lwv.org and entered your e-mail address, a security code will be sent to your e-mail which can sometimes takes several minutes. Once on-line, hit the renewal button, confirm your information and from the drop-down list, choose the league you wish to join.
- Remember this is now a pay-what-you can system with a suggested level of $75.00. Enter the amount you wish to pay but if you are one of the many members who have also generously rounded up to $100.00 or donated another amount and your intent is to contribute to LWVOPRF, **DO NOT** add your donation here. The amount entered here is considered pay-what-you can dues and is subject to the split with state and national, reducing your contribution to our league.
- Go to the next screen, where you can direct your contribution to the league of your choice.
- Your renewal date will be your original sign-up date. So, if last year, you paid your dues August 15 but decide to renew today, your renewal date will remain August 15.
