United Church of Christ
Movement for Palestinian Solidarity

Mission

With Jesus' commandment to love in our hearts and the Palestinians' cry for hope calling us to action, we covenant to educate, equip, and mobilize the United Church of Christ in all its entities— local congregations, regional Conferences and national instrumentalities — for bold, prophetic witness and risk-taking advocacy toward the goal of a just and genuine peace in Palestine and Israel. Conducting our work in partnership with our own Global Ministries as well as other advocacy and solidarity groups, we commit to engaging the "logic of love" in pursuit of human and civil rights, security, and self-determination for all who share this land.

Invitation to Membership

We invite you to join us as we engage with Palestinian partners and allies, hold ourselves accountable, and work for liberation, a just peace, and policy change through the church in all of its settings. **The time is now.**
