### **How to Write an Audience Into an Encounter with God.. .**

**Larry Sparks ..Ladue-Boddie** Do you have a testimony? Maybe you had a powerful encounter with God that radically altered your life. Maybe you experienced a significant miracle in your health, family, or other area that dramatically impacted everything. Whatever God has said or done in your life is not only a blessing for you, but it's a miracle that you are called to steward and release! In this season, God is calling many of those who have a testimony to WRITE it down as a means of transferring it to others. Why? Because what you carry is meant to usher other people into the same breakthrough and encounter that you experienced! Many books are being written in this hour. The question is: Does your writing carry anointing that can bring your readers into breakthrough? In this workshop, you will be mentored by an industry expert on how to effectively communicate your breakthrough message through writing. You will receive the 3 cornerstones to "writing your audience into breakthrough," the Simple 7-Step Process on Releasing "Burning Words" through writing, and you will be given tips, tools, training, and prophetic impartation on how to translate your testimony into a written message that brings your audience onto a journey of supernatural transformation!

#### **The Similarity of the Pre-Christian 1st Century World Then and Our Pre-Christian 21st Century World Today. ..Jeff Johnson**

**Lightbody ...** The way the earliest disciples did evangelism, ministry, and mission included full utilization of the spectrum of spiritual gifts with a huge dependence on the Holy Spirit. This accomplished much back then and can accomplish much today if we would do the same because our worlds are so much the same.

## WEDNESDAY WORKSHOPS

### Francis Anfuso..... Pillsbury

Additional great thoughts and teachings from our Guest Speaker

### **Being Led of the Spirit ... Ross Lieuallen ... LaDue-Boddie**

What does it mean to be led of the Spirit? We often use this phrase to describe a lot of spiritual directions and experiences in our lives. This workshop will explore what this meant to Jesus, Paul, and others., and what "being led of the Spirit" could mean in our lives! How does He lead us? What does the Spirit lead us to do? What should we experience?

### **God at Work in All of Life ... Gerry & Suzie Wingler... ..Beaty**

This workshop will highlight how God works in business as He does in every other area of our lives. From their experience as successful business owners Gerry and Suzie Wingler will share how God has used them to make a dynamic difference in their community of Sioux Falls, SD. The story of what God has done in their personal lives, how that spread to their business, which then spread to their sphere of influence in their city, will inspire and instruct you. Get insights into doing business from a Kingdom perspective and broaden your impact for Christ, your sphere of influence, and usher in societal change in your community.

### **There's Something I Need to Tell You! (When a Loved One Confesses Their Same-Sex Attraction) ... Phillip Lee .... Lightbody**

Does it matter why the person you love is homosexual? Is there a difference between "acceptance and approval?" Scripturally, what do we know about homosexuality? Be specific about your belief and position regarding homosexual practice. When a man or woman states they are 'gay,' what exactly are they saying? Common pro-gay arguments. Setting boundaries. Where do we go from here?

### **The Role of the Holy Spirit in the Formation of Disciples, ... Clay Ford ... Crystal Room**

In the call to become mature disciples of Jesus, we are not left to our own human resources and will-power. Thankfully, the Holy Spirit provides the resources and empowerment we need. This workshop will enable you to grow in understanding the Holy Spirit's role in discipleship, and will help transform your discipleship journey from a heavy sense of duty into joyous expectancy.

Join Jeff and Annie Dieselberg as they share how God has been opening doors at NightLight in Bangkok, Thailand. Come and be encouraged by God's Word about doors that may be opening up for you as well.

## Biblical Storytelling ... Charles and Beth Hatch .... Lightbody

Stories are a great way to communicate truth and Jesus is famous for using this mode. For many years, biblical storytelling has been known as an extremely effective method of sharing the good news of Jesus in pre-literate cultures. Now, in recent years, biblical storytelling has come to the fore as an effective means of evangelism and Bible study in modern culture as well. Data from Western cultures has consistently shown that less than 20% prefer learning by reading. This means that a whopping 80% of people in our modern society would rather learn new information via non-traditional means. In this workshop, we will show you how easy it is to learn and tell, and remember Bible stories. We will talk about how to prepare and lead a group discussion, or simply share a story with an acquaintance as an evangelism tool. We will introduce the process of preparing an oral inductive Bible study without pen, paper, or your computer through meditation on God's Word, and sweet time conferring with the Holy Spirit. Come and join us on a story telling adventure!

## Fresh Expressions ... Ross Lieuallen ... Crystal Room

Fresh Expressions is a term to describe a new "Spirit led idea" of reaching others and creating a church around people who probably aren't or won't attend our existing churches. Fresh Expressions started out of the Charismatic Anglican Renewal movement In England, and has spread to the United States....where many pastors and churches understand new ways the Spirit is moving people to think and pray outside of the box about church planting and reaching others! This workshop will explore definitions of what Fresh Expressions is all about, and how you can begin to envision a fresh expression kind of church in your community!

## Bible Study Hour.....Monday, Wednesday, Thursday @ 9am

Our Bible study hour will be from the book of James. Each day will feature a passage expounded upon by one of our Holy Spirit Renewal Ministries leaders or a guest speaker.
