

# The PATH Mission Trip

June 24-29, 2018

JOIN US IN PR AS WE REBUILD HOMES, OFFER RESTORATION, & SHARE THE GOSPEL

## YOU SHOULD KNOW...

The entire island of Puerto Rico was devastated by a Category 5 hurricane. The hurricane destroyed the power grid for the entire island leaving 3.4 million U.S. citizens in the dark.

The most pressing need is electricity and clean drinking water. Water filters and generators are a prized commodity.

Restoring families with a dry safe home by cleaning debris, sorting through belongings and rebuilding walls and roofs are all ministry opportunities waiting for an army of volunteers to help out.

## WHO

Students in Grades 6-12

Leader:Student Ratio = 1:5

## COST

Est. \$1,200 includes flights, food, lodging, all ministry expenses and associated costs

## MINISTRY...

Clearing debris: Many people have gardens they depend on for food that need to be cleared and restored.

Homes with tin roofs have been blown away and tarps are being used. Roofs will be a major rebuild focus.

There is a need for sorting and distributing supplies in small towns and remote communities.

General construction is needed in most areas. There are thousands of homes that were totally destroyed or extremely damaged. With our partners, Adventures is mainly seeking to help in the following ways:

- Clean up
- Wall and floor construction
- Roofing
- Painting
- Community outreach through critical supply distribution

Clean-up efforts in Puerto Rico
