God's Flashlight

vs. Our Toolbox

The Story: A Lost Kitty!

Oh no, the power went out and the cat is hiding in the dark! What's the best tool to find her? A big, heavy toolbox... or a simple flashlight?

The flashlight was all that was needed!

The "Toolbox" Way

When someone hurts our feelings, our "toolbox" might tell us to get a BIG tool: be mean back, hold a grudge, or stay angry.

The "Flashlight" Way

But God's "flashlight" shows us a simpler, better way: **forgive**, show **kindness**, and be a good friend.

The Big Idea!

God's way isn't always the biggest or loudest. It's often the simplest and kindest way that truly shines the brightest!

Your Turn!

Think about the story of Gideon. What was his "toolbox" idea, and what was God's "flashlight" plan?
