Welcome to First Grade!

Dear Parents/Guardians,
I am very excited to be your child's first grade teacher! I know it's going to be a wonderful year full of learning and growing. As we come to the end of this school year, we are already beginning to think of wonderful learning experiences for your children when they enter first grade. Please take some time to look over our supply list and a couple helpful suggestions. I look forward to seeing you in August. We hope you have a wonderful and safe summer.
Your First Grade Teacher,
Mrs. Sittner

First Grade Information

Over the Summer

● Practice being independent and practice them dressing themselves (tie shoes, zip zippers, put papers in a folder, etc.)
● Read, read, read!
● Practice handwriting skills and begin writing paragraphs on various topics, practice including a lot of detail, description, and explanation in your writing. Maybe also keep a summer journal.
● Addition and subtraction facts should be memorized
● Use technology like IXL and xtramath
● Please purchase school supplies and label all items with your child's name.

Reading Passport For Summer

In order to be prepared for next school year, we are asking for your child to complete the Summer Reading Passport Booklet. If your child completes the passport booklet, it will count for all of the book reports for next school year. All first graders are required to complete 30 book reports so this is a great opportunity to get a head start in first grade. I posted the passport reading activity on my google classroom page. The passport booklet will be collected during the first week of school.
