PECO Supports Small Businesses, So They Can Support Communities
How Energy Savings Can Help You Reinvest in Your Small Business

PECO is committed to helping small business owners save energy and money by improving the energy efficiency of their facilities, so they can continue to empower residents and propel neighborhoods forward.

An Opportunity This Big Can't Be Ignored
PECO Small Business Solutions can help you unlock the energy saving potential in your small business and reinvest savings in your priorities for growth. In addition to reducing energy and operating costs, PECO Small Business Solutions energy efficiency incentives can help you freshen up the look of your space and improve comfort for your customers and staff.

"As a small business owner, you need every dime you have to reinvest in your business," says Regina A. Hairston, CEO and President of the African American Chamber of Commerce of PA, NJ & DE. "If you can save money through energy efficiency—something you're already doing anyway—you should do it."

PECO makes energy efficiency upgrades affordable and hassle-free, with equipment incentives and streamlined installation. Whatever your budget or the size of your facility, PECO Small Business Solutions can help you save energy and money, so you can focus on what you do best: growing your business and strengthening your community.
