We Honor Veterans program

JourneyCare

JourneyCare offers an official We Honor Veterans program to support our veteran patients and their families. The program is registered through the National Hospice and Palliative Care Organization and developed with the support of the U.S. Department of Veterans Affairs.

Our Promise to Veterans

For veterans who are facing serious illness, JourneyCare promises:

- **Individualized care plan** – Each person's plan of care is customized, and may address service-related injuries, illnesses, post-traumatic stress disorder, depression and substance abuse. We work in partnership with VA medical facilities whenever appropriate or requested.
- **Bringing care to you** – We bring needed care to wherever a veteran calls home.
- **Professionally trained** – Staff is specially trained to screen, recognize and respond to any unique physical or emotional needs that result from military service.
- **Emotional and spiritual support** – Social workers and chaplains are available to assist in the planning of military funerals. Free grief counseling for family members and loved ones.

Let us help you today. We are here for you 24 hours a day, 7 days a week.
