## Lloyd F. Moss Free Clinic

Dr. Lloyd F. Moss was born and raised in Fredericksburg, VA. A graduate of Hampden-Sydney College and the Medical College of Virginia, Dr. Moss served the U.S. Army from 1941-46, attaining the rank of major. He worked at McGuire VA Hospital until February 1948 and at Children's Hospital in Boston until June of that year. At the age of 33, he entered private practice and continued to practice medicine for 41 years, retiring from private practice in 1989.

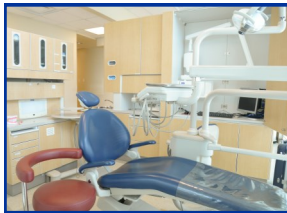

Dr. Lloyd F. Moss  
1915-2006

On November 2, 1993, the Lloyd F. Moss Free Clinic opened thanks to the leadership and dedication of Dr. Moss. Dr. Moss worked in the Moss Free Clinic for many years until his death on August 28, 2006 at the age of 90.

The Moss Free Clinic is a vital avenue for those in need of health care, dental care, and a full service pharmacy. People without health insurance are more likely to go without preventive care, delay medical care, and to die prematurely. When sick, needy individuals and families may turn to emergency rooms for care and when uninsured patients cannot afford to pay their medical bills, the cost of this care is passed on to the insured.

The Clinic could not operate without its over 600 on-site volunteers who donated 19,666 hours of service! Together, we power the mission of providing compassionate, quality care to our neighbors in need. This November, the Lloyd F. Moss Free Clinic celebrates 25 years of **health, hope, and healing**.

## Fundraising Program

In addition to your entry fee, we ask our Tourney Players to participate in our "***Player Fundraising Program***" by raising funds through personal "***Sponsorships***."
