SERVICES &

STATIONARY AND MOBILE UNITS

Stationary Units: high output, 50% greater range
Installed "stationary" SnowMagic® units provide 50-ton capability and can create snow surfaces located up to 900 feet away.

Mobile Units: flexible, ideal for tours & festivals, urban venues. Mobile SnowMagic® units are available in 40-ton and 50-ton capacity units and can create snow surfaces located up to 600 feet away. Easy to deliver; quick to install.

Set-up and Project Services

SnowMagic® creates stand-alone elements, integrated park features within existing venues, and entirely new parks and entertainment centers "from the ground up." We work with entrepreneurs, park designers, concept teams and site contractors.

Bring SnowMagic® in at any stage from pre-development to re-development. In addition SnowMagic® can provide turnkey design and management solutions.

MACHINES

HISTORY

SnowMagic®, Inc. was established in 2001 and owns all patented trademarks for the world market.

Eight years ago, the SnowMagic® team developed the first mobile unit, which can easily be shipped by truck, train, or cargo ship anywhere in the world.
