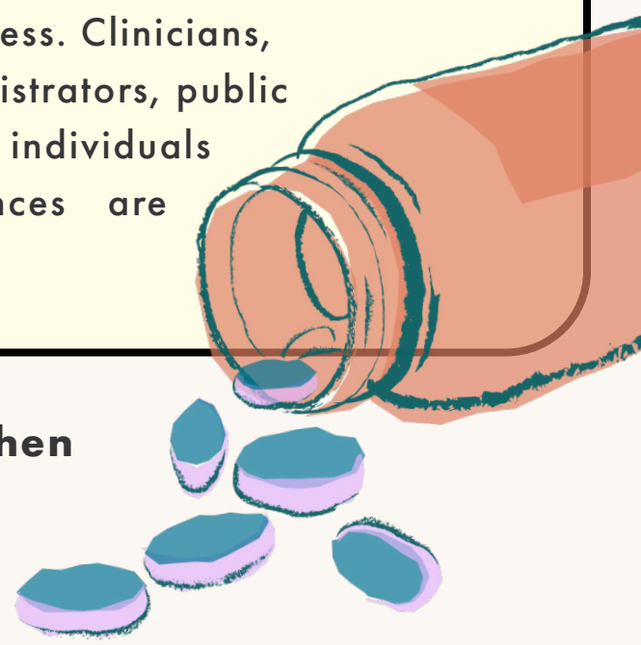
ABOUT THIS EVENT

Join the HIV/STI Program at the Oregon Primary Care Association (OPCA) as we reconvene stakeholders to learn about important HIV Pre-Exposure Prophylaxis (PrEP) clinical updates and identify evolving opportunities for innovation and collaboration to improve access. Clinicians, pharmacists, social workers, program administrators, public health, STI/HIV Outreach Workers, and individuals working with people who use substances are encouraged to attend.



Join our mailing list to be notified when registration opens

Application for CME credit will be filed with the American Academy of Family Physicians.
