LEAGUE OF WOMEN VOTERS®
OF VOLUSIA COUNTY

TEAM REPORT
Roster Management
Submitted by Olga Hernandez

September 19, 2026

The Volusia League grew by 6.2 percent in the last year! This has earned us third place among all the mid-size 29 Florida Leagues and a reward of $100 from the LWVFL. Our current membership is 208 strong, and this has moved us from mid-level size League to the large League category within this state. Our team continues to recruit, engage and retain members.

My job is to accurately maintain the roster of members, remind members to renew and forward the information to others that need it, a moving target. The LWVUS has continued to tweak and refine the database now at the two-year point.

I remind members to be aware of your renewal date, post it on your calendar, so that your annual membership does not lapse. LWVUS sends an email reminder 30 days prior to your due date, after 90 days you are dropped from the list. Those emails sometimes get trapped in a spam/junk box, check that often. We are stronger together to get the League mission accomplished.

I encourage you to welcome and include new members in League activities.
