Dear Mr. Thompson:

Thank you for your e-mail of January 5, 2021, regarding the popularity of golf this past season, as a COVID-friendly way to get outside, get some exercise and spend time with friends in a safe manner.

The numbers of golfers courses in New Brunswick saw last summer were truly exceptional. Congratulations to owners for taking this pandemic seriously and putting in place measures so that so many New Brunswickers were able to enjoy some time on the links. It is activities like golf that will help to ensure the physical and mental well-being of our citizens as we continue to navigate this pandemic.

Thank you, and to all members of the National Golf Course Owners Association of Canada, for demonstrating such leadership in these trying times. I am excited to see such impressive numbers, and you are truly showing that even a pandemic can offer some bright spots.

Sincerely,

Blaine M. Higgs
