In May We Played - Cardio, Clinics, and Red Ball Tennis!

Las Cruces showed up in a big way to celebrate National Tennis Month!

The courts were buzzing with energy as more than 40 players joined LCTPA's Cardio, Clinics, and Red Ball event. From fast-paced drills to fun rally play, the morning was filled with movement, laughter, and community spirit.

A huge thank-you goes out to NMSU's former and current tennis players — **Judy, Germain,**
Dora, and Roko — for bringing their enthusiasm and expertise to the courts. Your leadership helped make the day unforgettable.

Special appreciation as well to **Jesus**, Head Coach of Western New Mexico Men's and Women'sTennis, for his support, guidance, and commitment to growing the game in Southern New Mexico.

To all the volunteers who organized, set up, coached, and cheered — **your dedication made this event possible**. LCTPA thrives because of people like you.

And of course, thank you to **USTA Southwest** for your continued support of tennis in our community. Together, we're building momentum and creating more opportunities for players of all ages to get involved.
