SV-ONE CALL FOR PROPOSALS
FALL 2025 LEARNING SESSION
IMPROVEMENT EXPO

The SV-ONE 2025 Fall Learning Session Planning Committee invites network members to submit a proposal virtually by September 2 for an All Teach All Learn Improvement Expo focused on highlighting quality improvement projects.

We're especially interested in projects focused on the areas listed below, some of which will also be showcased during this Fall Learning Session.

- Community building & engagement
- Describing the Fontan Care Landscape
- Emotional health
- Interstage care
- Liver health
- Neurodevelopment
- Other projects
- Physical activity & exercise
- Post Glenn to Fontan surgery
- Post-Glenn transition
- SV-ONE Research projects
- Transition into adult care
- Transplant throughout lifespan
- Tube weaning
- Unplanned reinterventions
- Anticoagulation

We also encourage you to include your thoughts on potential next steps in your poster, such as how your work could be integrated into SV-ONE or expanded into a lifespan-focused project.

Projects at any stage are welcome, including those in the planning phase or showing early results. We will accept several proposals for this session and welcome multiple submissions per center**. We encourage centers of all sizes to submit proposals.**

SV-ONE CALL FOR PROPOSALS
FALL 2025 LEARNING SESSION
IMPROVEMENT EXPO

Proposal Format & Instructions for Proposal Submission

- Complete the proposal template and provide complete contact information for the lead presenter (name, email, title, and phone number).
- Submit your application virtually and upload the project description by the end of the day on **September 2.**
- The lead presenter will be notified regarding the status of your submission.
- Contact info@svone.org for questions regarding the proposal process.

The following are not required, but your proposal is more likely to be accepted if you:

- Highlight at least one quality improvement tool in your submission, such as a PDSA cycle, Pareto chart, Statistical Process Chart, or other tool
- Address patient and family engagement/co-production or include a parent as a co-presenter
- Are not employed by commercial interest and do not include proprietary tools, content, or technology

How To Submit:

- To submit a proposal, complete survey and follow instructions
- The lead presenter must provide a valid email address. We will rely on email communications related to proposal submission and expo logistics.

Schedule:

Sept. 2, 2025	Submission deadline (11:59 pm EST)
Sept. 9, 2025	Acceptance notification for all who submitted along with confirmation of title, presenters, and objectives. Poster setup details will also be provided.
Oct. 10-11, 2025	SV-ONE Fall Learning Session
