Bay Shore: FSL SeniorNet @ Family Service League, Iovino Family Center,1444 Fifth Ave, Bay Shore, NY 11706

Blue Point: Henrietta Acampora Cottage, 39 Montauk Highway, Blue Point, NY 11715

Yaphank: Longwood Youth Sports Assn. @ The Boulevard, 210 Meadows Blvd. West, Yaphank, NY 11980

Introductory Classes

PC COMPUTING BASICS 1

4 sessions of 2.5 hours each Cost: $45.00

HUNTINGTON LAB: Tuesdays from 9:30 AM - 12:00 PM on Oct 7, 14, 21, 28

YAPHANK : Tuesdays from 10:00 AM - 12:30 PM on Oct 14, 21, 28, Nov 4

To begin this class, you need to know nothing about computers and simply have a desire to learn. Students will learn how to properly start and stop a Windows computer. From there we will teach and give you experience with the most used computer functions: using the mouse, keyboard, and desktop, word processing, accessing the Internet, creating and responding to emails, and how to use flash drives for performing classroom exercises. Prerequisite: none

PC COMPUTING BASICS 2

4 sessions of 2 1/2 hours Cost: $45.00

HUNTINGTON LAB: Tuesdays from 1:00 PM - 3:30 PM on Nov 18, 25, Dec 2, 9

BAY SHORE ANNEX: Wednesdays from 10:00 AM - 12:30 PM on Nov 26, Dec 3, 10, 17

YAPHANK: Tuesdays from 9:30 AM - 12:00 PM on Nov. 11, 18, 25, Dec 2

This four-lesson class will build on the skills you started to develop in PC Computing Basics 1. We will teach you to enhance your desktop, the basics of the file system, and advanced features of word processing. We will teach you how to access the Internet and how to save your most frequently visited websites. Additionally, you will learn how the use the new free Microsoft Outlook mail client.

Prerequisite: PC Computer Basics 1 or comparable skills.

MAC COMPUTER BASICS

4 sessions of 2 1/2 hours Cost: $45.00

HUNTINGTON LAB: Thursdays from 9:30 AM - 12:00 PM on Oct 9, 16, 23, 30

Come join your fellow seniors and learn the amazing things a Mac LAPTOP can do. We will also cover the App Store, Apple Pay, Mail & Messages, Internet basics and so much more. Learning about System Preferences and how to navigate the Dock will help you use your Mac in a more productive way. You will need to bring your laptop (and mouse) to class. Please make sure your laptop is charged and running the latest operating system, Sequoia Mac OS15, which will be updated in iOS 26 to Tahoe. **You will need to bring your Mac Laptop & mouse (if you use one) to class to participate in this class. Make sure your laptop is charged and running the latest operating system (currently Sequoia) which will be updated in iOS 26 to Tahoe.**

CHROMEBOOK: BASICS AND MORE

2 sessions of 2 1/2 hours Cost: $25.00

BLUE POINT: Mondays from 10:00 AM - 12:30 PM on Oct 27, Nov 3

YAPHANK : Tuesdays from 9:30 AM - 12:00 PM on Nov 11, 18

Discover the essentials and the ease of using a Chromebook in this beginner-friendly course. Students will learn how to navigate the interface, save and retrieve files, manage apps, browse the web, and be introduced to Google tools like Docs and Drive for productivity. Accessibility options aid seniors in personalizing the device for their needs.

Students are invited to bring their Chromebooks to class. Bring your charger and your Gmail password if you have one.

GMAIL: BASICS

2 sessions of 2 1/2 hours Cost: $25.00

BAY SHORE ANNEX: Mondays from 10:00 AM - 12:30 PM on Oct 6, 20

This course is appropriate for Chromebooks, PC's and Mac computers.

Gmail, Google's FREE email app, makes it easy to open, read, reply to and compose new emails, and it's becoming even more popular since it's built into the Chromebooks that have caught on as an affordable computer option. In this class you'll learn how to use Gmail's basic features including how to add contacts in an address book, attach files such as pictures and documents to emails, and forward emails to others. If you've never used email before or don't have a Google account, this class will help you get started; and if you're using another email service now, you'll learn why Gmail may be an attractive option. If you have a Google account please bring the name of the account and password with you.

You're welcome to bring your own Chromebook, PC or Mac to class.

The Computer

EXPLORING FILES AND FOLDERS WITH WINDOWS 11

2 sessions of 2 1/2 hours Cost: $25.00

BAY SHORE ANNEX: Mondays from 10:00 AM - 12:30 PM on Oct 20, 27

HUNTINGTON LAB: Mondays from 9:30 AM - 12:00 PM on Nov 10, 17

Managing files is one of the most important tasks for personal computer users. Simply stated, if you can't locate a file, you can't use it. You'll learn how to create a filing system, how to create folders, and how to navigate through the filing system that you designed.

Prerequisite: PC Computing Basics 1.

WINDOWS 11: AN INTRODUCTION

2 sessions of 2 1/2 hours Cost: $25.00

HUNTINGTON LAB: Thursdays from 1:00 PM - 3:30 PM on Dec 4, 11

Windows 11 is Microsoft's new operating system. Does your computer have the prerequisite hardware and software in order to upgrade it? Join SeniorNet in this two-week class to learn the fundamentals of the Windows 11 operating system. We will teach you how to customize your computer and cover many of the differences between Windows 10 and 11.

Prerequisite: PC Computer Basics 1.

WINDOWS 11: ADVANCED

2 sessions of 2 1/2 hours Cost: $25.00

HUNTINGTON LAB: Tuesdays from 1:00 PM - 3:30 PM on Dec 16, 23

In this two-lesson class we will teach you some of the more advanced tools of the Windows 11 operating system. Among the many other features of Windows 11, this class will include how to install programs, the new and (more useful) File Explorer app, and some of the options you have in case your computer malfunctions. It is highly suggested that you complete **Windows11: An Introduction** prior to taking this class.

Prerequisite: PC Computing Basics 1 or 2, Windows 11: An Introduction, or comparable skills.

MAC COMPUTER ADVANCED

4 sessions of 2 1/2 hours Cost: $45.00

HUNTINGTON LAB: Wednesdays from 1:00 PM - 3:30 PM on Nov 5, 12, 19, 26

Continuing on from where Mac Computer Basics left off students will be introduced to and learn to use iCloud and iCloud+ for online storage of photos and documents, and Stage Manager to organize their desktops more efficiently. In addition, the usage of Split-Screen, Dictation, Airdrop, Live Text and taking screenshots is taught.

Prerequisite: Mac Computer Basics. (This is a must.)

The Internet

GOOGLE DOCS: BEGINNERS

2 sessions of 2 1/2 hours Cost: $25.00

HUNTINGTON LAB: Wednesdays from 9:30 AM - 12:00 PM on Nov 5, 12

BLUE POINT: Mondays from 10:00 AM - 12:30 PM on Nov 10, 17

Google provides a complete suite of FREE Apps for word processing, spreadsheets, email, calendars and more. This class will teach you the basics of the Google Docs word processor to create and format documents. Write a letter, create minutes from a meeting, produce a newsletter; it's all possible using Google Docs.

Artificial Intelligence: Hands On

1 session of 2.5 hours Cost: $15.00

HUNTINGTON LAB: Wednesdays from 1:00 PM - 3:30 PM on Dec 3

BAY SHORE ANNEX: Wednesdays from 10:00 AM - 12:30 PM on Oct 8

There has been a lot of buzz around AI lately. But what is this latest technology craze really about? How does it work and what are the risks? Learn about the state of AI at the moment and get hands on experience using the biggest names in AI, Microsoft's Copilot and OpenAI's ChatGPT.

Mobile Devices

ANDROID PHONE

4 sessions of 2 hours Cost: $45.00

HUNTINGTON LAB: Tuesdays from 1:00 PM - 3:00 PM on Oct 7, 14, 21, 28

In this class, you will learn about settings, camera, email, web browsing, calendar, music, and apps on your Android phone. You will also learn how to customize your phone, send texts, organize your pictures, and much more. All these tools and functions will help you make the most of your phone.

IPHONE: GETTING STARTED

2 sessions of 2 1/2 hours Cost: $25.00

HUNTINGTON LAB: Wednesdays from 1:00 PM - 3:30 PM on Oct 8, 15

BAY SHORE ANNEX: Tuesdays from 12:00 PM - 2:30 PM on Oct 7, 14

BLUE POINT: Mondays from 10:00 AM - 12:30 PM on Oct 6, 20

Starting from scratch or taking this class as a refresher, you'll gain confidence using an iPhone. Basic subjects covered are communicating with others using the phone, email, and text messages, and using Safari (Apple's internet browser). Building on this, we will cover using voicemail and contacts (the address book), as well as downloading and organizing apps. In short, this two-lesson class will give you confidence in using this incredible device.

IPHONE: WHAT'S NEXT

2 sessions of 2 1/2 hours Cost: $25.00

HUNTINGTON LAB: Wednesdays from 1:00 PM - 3:30 PM on Oct 22, 29

BAY SHORE ANNEX: Tuesdays from 12:00 PM - 2:30 PM on Oct 21, 28

Expand your knowledge of the iPhone's capabilities. Subjects covered are using the iPhone's Camera and Photo Apps; using Siri (let your iPhone do the typing and some of the work); Maps (get directions); and using productivity apps such as Calendar. The class finishes with an introduction to Apple's iCloud, Find My and the Health App. This two-lesson class expands your knowledge of the iPhone and will make you feel like a Pro.

IPAD: GETTING STARTED

2 sessions of 2 1/2 hours Cost: $25.00

YAPHANK : Tuesdays from 12:30 PM - 3:00 PM on Nov 11, 18

Starting from scratch or taking this course as a refresher you'll gain confidence using your iPad. We will explore the many features many features of Apple's current iOS in Settings, enabling you to personalize your iPad. The importance of using the best security options by Apple, such as Touch ID, Face ID and strong passwords will be discussed.

Basic subjects covered are communicating with others using email and text messages. We will use Safari (Apple's internet browser) to research on the Internet. We will cover making, saving and sharing contacts (the address book), as well as downloading and organizing apps. We will also learn various ways you can get the help and support you will need when learning all the great things you can do on your iPad.

In short, our two-lesson class will give you confidence in using this incredible device.

APPLE WATCH: WHAT YOU WANT TO KNOW

1 sessions of 2 hours Cost: $15.00

HUNTINGTON BOARD ROOM: Tuesdays from 10:00 AM - 12:00 PM on Oct 21

Since 2015, when the Apple Watch arrived, it has been gaining more and more functionality, which means more and more to learn about using it to its full potential. First and foremost, let SeniorNet show you what the Apple Watch can do to help you with emergencies in your everyday life: it can monitor your heart rate and alert you to a problem, detect falls and car crashes, and then automatically call for help. Your Apple Watch can be your phone as well. You can answer and make phone calls without having your phone ring and disturb others, and read and send text messages. It functions as a fitness tracker and even alerts you when it's time to stand up and move around for a few minutes. Join the SeniorNet Apple Watch class to explore this amazing "wearable device" and learn more about it and what it can do for you.

The SeniorNet Advantage

● Coaches – Each class has multiple coaches to provide support to students
● One student per computer ● Manuals included
● Friendly, supportive atmosphere ● Seniors teaching seniors

Media

PHOTOSHOP ELEMENTS: PHOTO EDITING & PROJECT CREATING

5 sessions of 2 1/2 hours Cost: $45.00

HUNTINGTON LAB: Mondays from 1:00 PM - 3:30 PM on Dec 1, 8, 15, 22, 29

If you're like most people, you have hundreds of pictures on your computer that need editing so you can use them in a project like a photo book or calendar. We will be using Photoshop ELEMENTS to learn editing techniques and how to produce special effects. Elements is a user-friendly version of the larger, more complex Photoshop and can teach you how to edit your photos in creative and interesting ways. This is a beginner's class and is perfect for anyone who wants to learn how to take their photos to the next level.

SMARTPHONE PHOTOGRAPHY

3 sessions of 2 1/2 hours Cost: $35.00

HUNTINGTON LAB: Thursdays from 1:00 PM - 3:30 PM on Nov 6, 13, 20

Photography can add so much to our lives by recording and sharing special events, places, family and friends, and most importantly, our cherished memories. It can also be a wonderful hobby, as it gets us out and about, keeps us busy and creative, and enables us to continue to learn, grow, and enjoy life.

Join us for this three-lesson class, to learn about some of the most popular types of photography (Portraiture, Candid, Landscape, Nature, Travel, etc.), best practices to improve your photography skills, tips and techniques to enhance the quality of your photos, and photo editing to adjust and enhance your most important photos.

Prerequisite: Ability to take photos with your iPhone or Android phone.

Perhaps you haven't had time for a full class and just want to solve one technical problem.

We offer personalized problem solving for smartphones, tablets, laptops, and desktop computers (Mac, Chromebook and PC). Just let us know what you want to learn and we'll match you with an experienced teacher. **You coordinate the day and time with the instructor.**

Available at Huntington, Bay Shore, Blue Point and Yaphank

Cost: $20 for each hour!
