Falling Into Service

There's something about fall that signals a change of season. The leaves begin to turn, the temperatures cool, mums brighten porches across our communities, and for Psi Iota Xi chapters, another important season gets underway...

Fall fundraising season!

Across our chapters, members are busy selling cheeseballs, beautiful fall mums, and a variety of other seasonal favorites—all in support of the communities and causes we care about. Whatever the project, there's something special about seeing our members come together with a common purpose.

These projects represent hours of members working side by side. They represent friends, families, and community members who support us year after year. Most importantly, they provide the funds that allow our chapters to make a difference in our communities and continue the work that is at the heart of Psi Iota Xi.

Somewhere between taking orders, organizing volunteers, making deliveries and wondering where we're going to put all those mums or cheeseballs, something else happens—we laugh, we catch up, and we strengthen the friendships that make Psi Iota Xi so special.

So during this busy season, remember to enjoy those moments in between. Our fall fundraisers may look different from chapter to chapter, but they all have something important in common: **when Psi Otes work together, good things happen.**

This fall, we're doing more than raising funds.

We're Falling Into Service—together.

Loyally,

Robin Jones
