Notable News of November

By: Kaley Scott
Sr. Staff Writer

To start off this eventful month, our Interact Club sent off the fleet of turkeys! Members of our community can get “turkeyed” and pay a “fine” to turkey someone else. This was very successful last year, so we can only hope for the same. Our volleyball stars made it to Freeport for the Northern Bahamas Volleyball Championships. They organized a car wash in aid of this. Our amazing volleyball girls won the small school championship! For the continued successes of both teams, we must thank coach Randy! Our debate team won round one of the District Debate Competition by a gap of over 400 points! They placed second in the next round and Maya Miller (G.12) was named “best speaker”. Way to go Falcons! Ms. Deveaux’s Grade 9 General Science Class placed first in the FRIENDS of the Environment Science Fair! Their project was presented by the eloquent Chloe Fox and Addyson Eyma. Additionally, Shaila Wallace won the Abaco District Grade 8 Spelling Bee, what a feat! Ava Miller placed third as well! In the Grade 7 competition, Kinsey Marche won first place and Anya Hepburn placed third. We must credit their spelling coaches, Ms. Murphy and Ms. Deveaux. This month, there is a canned food drive which also counts as a house competition. Eco-Club continues to encourage everyone to bring in compost and 2s and 5s plastics! These small efforts help us to reduce our carbon footprint! Our character pillar is “Respect” this month. Let’s strive to respect others as we soar into next month! This month was full of accomplishments, but we expect nothing less from our Falcons!
