Rocky Mountain Round Up

Sweet Show of Force

The Castle Rock Impact and Kiwanis Club of Castle Rock joined forces to hold their second annual Sweet Dream in a Bag packing event. Other Kiwanis members from the District (to include the Division 6 Lt Gov, the Governor Elect and Governor), students from 4 area high schools and community participants came together to help pack 150 bedding packs for children, living in poverty.

The bedding package consists of an new matching twin comforter set which includes a pillow, twin sheet set, fleece blanket, toothbrush and toothpaste, a wooden toy, a personalized book and a stuffed toy. The children receiving the bedding usually reside in a temporary home or attend a Headstart school as their family is attempting to rebuild their lives. Cold winter nights are here and this event ensures 150 children have access to warm cozy, bedding.

Both Castle Rock clubs provided funds and received matching funds from Sweet Dream in a Bag. The clubs also were awarded a $1000 microgrant from the Kiwanis Children's Fund.

Handmade Holiday Magic

Proud to report the Longmont Kiwanis club was featured in Longmont Magazine. Since 2010, the Longmont Kiwanis Club has created seasonal holiday magic. A project originally started by individual members has grown to where Kiwanis members, high school volunteers, and local woodworkers come together to assemble toys. I'm sure Santa has also loaned a couple of Elves as well.

The club has helped various organizations around the area, like: Sweet Dream in a Bag, Children's Hospital, Ronald McDonald House, Child Protective program, Salvation Army, and more. This project was recognized as one of Kiwanis' Top Ten Projects in the world. This year, the toy-making process repurposes wood from local furniture and construction sites.

Christmas Parade

Gering and Scottsbluff join together for a parade that offered the region one large, vibrant Christmas Celebration.
