Hello AP Parents,

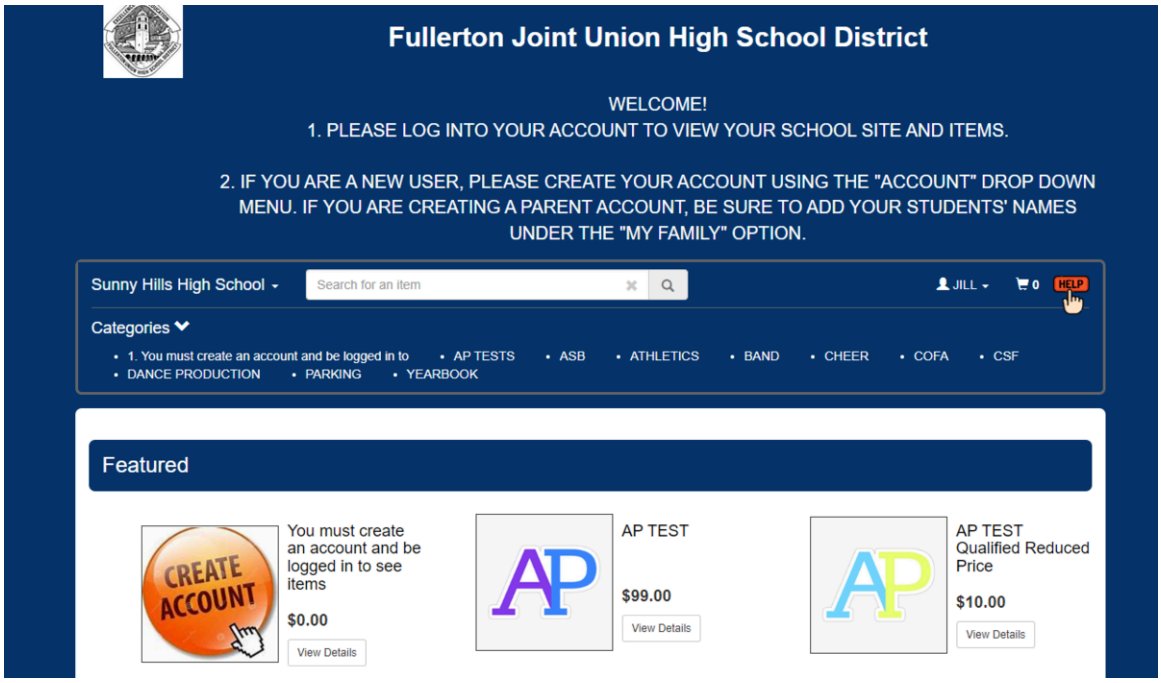
AP Test Purchasing will take place **October 1 - October 9** through the Sunny Hills Webstore. Below you will find the directions on how to pay for your student's AP Exam(s).

Cost for each exam is **$ 99.00.** Students who qualify for a reduced fee will pay **$ 10.00** per exam.

If you have decided against having your child take one or more of their AP Exams for classes in which they are taking this school year, they **must** complete the Opt-Out Form. The form will be available in Room 5 starting on **October 12th, 2026 and is due by Friday, October 30th**.

Directions on how to pay for your AP Exams:

- Review your child's MyAP account to see what exams they are registered to take. Your child can access their accounts at myap.collegeboard.org.
- Go to this link: SHHS Webstore
- Log into your Webstore account, or create an account if you are a new user. Every student is assigned an account with their student email. Parents can use their child's accounts to purchase the exams. If you would prefer to create a parent account, follow the directions that are listed at the top of the page on our website
- Select School (Sunny Hills High School) from the drop down menu
- Two Icons will appear for AP testing. One icon for full-priced exams and the other icon for reduced priced exams for students who have qualified. See the images below:



- If you completed the FRMP (Free and Reduced Meal Program) form through Aeries Data Confirmation and you believe you qualified for a fee reduction, then select the AP TEST Qualified Reduced Price Icon ($10) and add the exams that are listed on your child's MYAP account to your cart and purchase the exams. If the system does not allow you to purchase your exams with the reduced price, then you have not been approved for a fee reduction and will need to go back and select the AP TEST icon to purchase your exams.
