DESCHUTES RIVER
CONSERVANCY

Who we are

The Deschutes River Conservancy ("DRC," "we," "us") is a nonprofit organization working to restore streamflow and improve water quality in the Deschutes Basin in Oregon. This policy explains how we handle personal information you share with us when you sign up for our email newsletter through a Facebook or Instagram form.

Effective date: October 30, 2026

Information we collect

We collect only:

- Your name
- Your email address

We do not ask for payment information, phone numbers, or mailing addresses through this form.

How we collect it

You give us this information directly when you fill out and submit our sign-up form on Facebook or Instagram. Meta (the company that runs Facebook and Instagram) may pre-fill the form with information from your profile. You can edit it before you submit.

Meta's own handling of your data is covered by Meta's Privacy Policy, not this one.

How we use it

We use your name and email address to:

- Send you our email newsletter and updates about DRC's work in the Deschutes Basin
- Send occasional invitations to events, such as tours and seminars
- Send occasional requests for support

We do not sell or rent your personal information. Every email we send includes a link to unsubscribe.

How we store and protect it

After you submit the form, we move your name and email address into Constant Contact, the email service we use to manage our mailing list. Constant Contact stores this information on its secure servers.

Access to our Constant Contact account is limited to DRC staff who manage our communications. We use strong passwords and two-factor authentication on this account. We delete downloaded lead files from Meta once they are imported.

We keep your information for as long as you stay subscribed. If you unsubscribe, Constant Contact keeps a record of your unsubscribe so you are not emailed again.

Sharing with third parties

We share your information only with the service providers that help us run our newsletter:

- **Meta (Facebook and Instagram):** hosts the sign-up form and holds your submission until we retrieve it.
- **Constant Contact:** stores our mailing list and sends our emails. See Constant Contact's privacy notice.

We may also disclose information if required by law. We do not share or trade our mailing list with other organizations.

Your choices: update, correct, or remove your info

You can:

- **Unsubscribe** at any time using the link at the bottom of any of our emails.
- **Update your name or email** using the "update profile" link in our emails, or by contacting us.
- **Ask us what information we have about you, or ask us to delete it,** by emailing info@deschutesriver.org. We will respond within 30 days.

Changes and contact

We may update this policy from time to time. We will post changes on this page and update the effective date above.
