The Falls Church Episcopal
2021 Annual Giving Campaign

I started attending The Falls Church Episcopal shortly after my husband and I moved to Falls Church three years ago. During that time, I've met a few parishioners who worshipped at Falls Church Presbyterian during the exile. From their resilience, I think there are lessons we can apply to our current challenges as a faith community during this pandemic.

Before COVID-19, my schedule never allowed me to join an in-person 20s/30s Group meeting. Now I can…virtually. In the fellowship time we've shared virtually, we celebrated a birth and mourned the death of a grandparent. We are making this journey together.

We all are in this space in between, as Kelly puts it. But I admit I have a hard time seeing where this space ends. At times like these, I draw strength from knowing the Holy Spirit is with us, acting through this body that is our TFCE family. Family takes care of family, and I've been able to support TFCE with my time as an usher and my treasure as a pledger. So TFCE's ministries can continue, I hope you consider what time, talent, and treasure you're in the position to pledge for the year ahead. I give thanks I can make this journey together with you.
