

Faces of Manufacturing in Louisiana

In 2017 MEPOL will honor 1 Face from different regions of Louisiana each month. The program will honor hard-working, dedicated people throughout the state who work within or are affected by manufacturing companies. These stories will help showcase manufacturing's impact to Louisiana communities and continue to promote manufacturing as a thriving industry in the state.

Contact Kayla Gentry at kayla.gentry@mepol.org with questions.

It's time to tell your story!
