What volunteer position do you hold with Open Door

- Database entry volunteer.

How long have you been involved with Open Door

- I graduated High School from Open Door and I started volunteering there this year.

Reflect on a moment or event with Open Door that is memorable to you

- My graduation ceremony was a very special moment for me, and I was very grateful to the teachers at Open Door for making it possible. I was also struck by all the different backgrounds of the students there, especially the differences in their age. I don't think many of them would've been able to receive a HS diploma anywhere else, because they would've been deemed "too old." I like how Open Door doesn't care how old you are, they want to help you regardless.

Why would you recommend someone to Volunteer with Open Door

- Open Door is a good cause, and, by volunteering there, you're able to help a lot of different people. Students and teachers both benefit from your contribution.

Give three words that describe Open door

- Specialized. Efficient. Compassionate.
