Anthem Blue Cross and Blue Shield – Nevada
Medicare Supplement Rate Action, effective January 1, 2026

As a leading carrier in the Medicare Supplement market, we offer a strong suite of products to help you and your clients find the best option to suit their needs. To ensure you are well informed, ready to sell to prospective members, and prepared for discussions with your existing clients, we want to share with you information about the rate adjustments effective January 1, 2026.

Click here for the 2026 rate sheet that includes the rates approved by the Nevada Department of Insurance, effective January 1, 2026.

Your clients will receive a renewal letter regarding their coverage. This letter will provide their premium upon the renewal effective date.

Click here for the 2026 interim Outline of Coverage that includes the Nevada Department of Insurance approved rates for the Modernized plans, effective January 1, 2026. The Nevada interim enrollment kit will be available on September 29th for ordering through Storefront, (formerly CustomPoint). Please order limited quantities of the 2026 interim enrollment kit. When the 2026 Medicare cost-sharing amounts are released, we will update the kits and release the final 2026 Colorado Medicare Supplement enrollment kit.

NEW in 2026: The Nevada legislature passed regulations requiring carriers to offer plans to those who qualify for Medicare for reasons other than age, including those with End Stage Renal Disease (ESRD). Carriers are required to offer a Special Enrollment Period (SEP) to those individuals that fall into this category and are already eligible for Medicare. An SEP application will be available **by paper only** to support the SEP enrollment period from October 1, 2025 – April 1, 2026. The first coverage effective date for those eligible for Medicare for reasons other than age is **January 1, 2026.** **Click here** for the SEP application

Under 65 plans have been reopened (Plan F and N) or created (Plan A and Innovative G) to individuals eligible for Medicare due to disabilities or end-stage renal disease. The rates for these plans have been adjusted to ensure compliance with the requirement to set rates at twice the age 65 rate.

The Innovative F and N plans will close to new enrollments as of December 31, 2025. Applications received with the requested coverage effective after this date will not be accepted.

Important Reminders:

- **Anthem's electronic quoting and enrollment tools –** the January 1, 2026 rates will be available for quoting and enrollment on **September 27, 2025**.
- **Anthem Extras Packages** have been replaced with stand-alone dental and vision plans, our sales brochure includes basic information about the plans (separate application required)
- **Birthday Rule** information can be found in the Guaranteed Issue Guidelines that are part of the application bundle. The birthday rule is available to individuals currently enrolled in any Medicare Supplement plan. Plan options may be limited due to the plan meeting the equal or lessor requirement.
- **Value-added programs**
    - **WellRx** – where members save on average 65-80% on prescriptions at more than 65,000 pharmacies. Members can use the digital Rx Savings on drugs not covered by their Part D plan (if enrolled); pet drugs and family members can access the program as well.
    - **SilverSneakers®** – where members can access fitness locations across the country, enjoy online exercise classes, community classes (online or in-person) and a fitness app called SilverSneakersGO.

We're committed to helping you succeed. We know you are a huge part of our strength and success, and we value your commitment to our members.

FOR BROKER USE ONLY – NOT FOR MEMBER USE
