

Dr. Dan Murphy Available Courses:

Friday, October 20th – 8:00 – 12:00 p.m.: Stress, The Brain, The Subluxation & The Adjustment

This course covers neuroanatomy of spinal mechanoreceptors, neuroanatomy of spinal sympathetic nervous system, neurophysiology of the somato-sympathetic reflex and its suprasegmental controls, and the mechano-neurophysical effects of the spinal adjustment.

Friday, October 20th – 1:30 – 5:30 p.m.: The Opiate Drug Crisis and the Chiropractic Alternative

In the words of Wisconsin Attorney General Brad Schimel, prescription painkiller abuse is a “public health crisis in Wisconsin.” Attend this timely course to learn the discovery of the opiate receptor, the suprasegmental descending pain inhibitory control system, quantifying the opiate drug crisis in America, and the neurophysiology of the adjustment driven suprasegmental activation of the descending pain inhibitory control system.

Saturday, October 21st – 8:00 – 12:00 p.m.: Vaccine: A review of Scientific Concerns

Attendees of this course will obtain an understanding of vaccine immunology basics and the vaccine adjuvant and their relationship to the blood-brain-barrier. In addition, doctors will learn how to find the actual ingredients of a given vaccine. A review of PubMed studies pertaining to vaccine science will also be provided.

Saturday, October 21st – 2:00 – 6:00 p.m.: Four Adjustive Techniques

Learn the Epley maneuver for BPPV, the distraction technique for Temporomandibular Dysfunction, the uncinat process adjustment, and the Pettibon #2 lumbosacral adjustment.

Dr. Dan Murphy

Doctor of Chiropractic

A graduate of Western States Chiropractic College in 1978, Dr. Dan Murphy began clinical practice in Oregon the same year. Not long after, he became a part-time faculty member at Life Chiropractic College West, a position which has done more to shape his outstanding career than any other.

Over the span of his distinguished career, Dr. Murphy has been recognized and rewarded for his commitment to excellence in the chiropractic community. To name only a few, in 2001, Dr. Murphy was awarded Chiropractor of the Year by the ICA of California, and The Pediatric Chiropractor of the Year by Chiropractic Pediatric University. In 2002, he was the top vote receiver for the leadership of the Virtual Chiropractic Association, a survey done by Dynamic Chiropractic. In 2003, he was awarded Chiropractor

of the Year by Chiropractic Biophysics.

One of the most recognized names in chiropractic, Dr. Murphy continues to tour the world as an acclaimed lecturer and ambassador for the profession.
