MORNING "LIVE" WITH HCA

HCA Live is back this June...and we have a program you can't afford to miss!

Join us to learn how to stay safe online and protect your staff and patients. Keith Newell from Kean Computing will teach you the basics of cybersecurity, such as identifying suspicious emails and common scams for the elderly.

This is intended to be open and honest communications with attendees. Following the annual conference overview, there will be an opportunity to pose questions to the staff, discuss current trends and hear about the latest news.

The rules are the same as always:

1. Grab a cup of your favorite morning beverage and sit back.
2. Listen, engage and have some questions ready.
3. Let's talk.

FRIDAY
07 JUNE

TIME
8:30AM
