

HOW TO JOIN the PTSA

We are using a new system this year, MySchoolAnywhere. It will provide us with online access to the school directory and volunteer sign up.

To "activate" your account in MySchoolAnywhere, please click on this link: <https://www.myschoolanywhere.com/new-family.a5w?fam=CentennialHighSchool124678>. Enter your last name and email and then check your inbox for a confirmation email/link. Click on the link to return to MSA.

Please feel free to update or add any missing information. You can also opt out of the online directory if desired. Your student's teacher information will be populated a few weeks after school begins. The online directory will also become available for PTSA members at this time. Once you save, you'll automatically be directed to our "store" to purchase your PTSA membership.

If you have questions about MySchoolAnywhere, please email directory@centptsa.org.
