Joey Ventimiglia gained his angel wings on January 5th, 2018, just 17 days before his 8th birthday, after a valiant battle with DIPG (Diffuse Intrinsic Pontine Glioma), a rare and aggressive form of pediatric brain cancer.

In honor of Joey and his love for toys, his family participates in the annual WGN Toy Drive. This is the 4th year they have collected toys and donated them in Joey's memory.
